

# JOIN OUR TEAM OF ENGINEERS

Polyte is world market leader in the development and production of high-quality products for the event and entertainment industry. Polyte is well-known for the innovative and service-driven way of working. Since 2019 we are part of the successful formula named Area Four Industries, the world's largest manufacturer and supplier of aluminium and steel truss, stage decks, electrical chain hoists and rigging material.

At Polyte, we are looking for an innovative and self-driven Engineer to join our team. In this role, you will play a key part in designing, developing, and improving our high-quality solutions for the event industry. Are you passionate about engineering and delivering quality?

## What are you going to do?

- Create and develop extraordinary concepts for the entertainment industry.
- Work on challenging projects from concept to realization, where you collaborate with customers and colleagues.
- Develop and improve technical designs.
- Design and calculate structures based on customer requirements and specifications.
- Proactively manage assigned projects, tasks & timelines.

## What do you bring?

- A completed technical education (HBO/WO) in mechanical engineering or a similar field. Or an equivalent combination of education and experience.
- Experience with CAD software is a must, specifically Inventor and AutoCAD can be an advantage.
- Problem-solving skills and big attention to detail.
- Work according to the set deadlines.
- Pro-active, responsible, independent work approach.
- Good communication skills in English is a must, Dutch can be an advantage.
- Experience in the entertainment industry can be an advantage.

## What do we bring you?

- A rewarding job in an innovative and growing company.
- Opportunities for personal and professional development.
- Work in an international organisation where each day brings something new.
- Being part of a reputable brand with enthusiastic and dedicated colleagues.
- Long term commitment on both sides.
- Work on exciting entertainment projects that will showcase your skills and expertise.
- Bike leasing
- Sports subscription
